Honorable Judge,

I'm writing to ask you to reject the proposed final judgment in the U.S. vs. Microsoft case. Microsoft has been found to have violated our nation's antitrust laws, reaping many billions of dollars of profits in the process. This proposed settlement would allow the company to retain almost all of that.

I am also concerned that there are no provisions to protect us from Microsoft's continuing anticompetitive behavior. There is no indication Microsoft will cease its antitrust violations, and the company is left to police itself! Actually, the proposed final settlement would amount to a government validation of the monopoly. I urge you to reject the proposed final judgment as it is not in the best interest of the public.

Respectfully,

James Brubaker
